

# World Tree Story

History and legends of the world's ancient trees

An illustrated talk by Julian Hight

Following the success of Britain's Tree Story for National Trust in 2011, Julian set out to capture 100 ancient, historic trees across 39 countries around the world. Julian will present an illustrated talk on some of the world's most majestic trees, their history and legend, including anecdotes from his travels, ancient trees in the local area and his campaigns to save endangered trees.
