

Fungi Recorded on HNHS Foray at Ebernoe Common, 5th October 2024.

Agaricales

Amanita rubescens

Amanita vaginata

Cortinarius croceus

Cortinarius cf. *torvus*

Gymnopus dryophila

Hebeloma cf. *sacchariolens*

Hymenopellis radicata

Hypholoma fasciculare

Inocybe geophylla

Inocybe lilacina

Inocybe asterospora

Inocybe griseolilacina

Inocybe cf. *corydalina*

Laccaria laccata

Laccaria amethystina

Lycoperdon pyriforme

Marasmius alliaceus

Mycena galopus

Mycena pelianthina

Mycena pura

Mycena rosea

Mycena stipata

Mycena vitilis

Panellus mitis

Rhodotus palmatus

Rickenella fibula

Tricholoma sulphureum

Gomphales

Ramaria stricta

“Polyporales”

Ganoderma australe

Piptoporus betulinus

Stereum hirsutum

Trametes versicolor

Ascomycetes

Bulgaria inquinans

Xylaria hypoxylon

Leotia lubrica
